PROFESSIONAL SUMMARY

I am a fresh IT graduate with a solid foundation in full-stack web development. I build modern, responsive interfaces using React, Tailwind CSS, and JavaScript, and power my backends with Laravel, PHP, and XAMPP. Eager to bring my hands-on experience in building AI-integrated web applications to a dynamic software team.

EDUCATION

Bestlink College of the Philippines ***2022 - 2026***

Bachelor of Science in Information Technology

- Major in Information Management
- Relevant Coursework: Web Systems and Technologies (Frontend/Backend), System Analysis and Design, Data Structure and Algorithms, Application Programming Interfaces (API)

EXPERIENCE

Philippine Red Cross - QC Chapter ***2025 - 2026***

IT / Technical Support Intern

- Provided tier-1 technical support, facilitating quick resolution of technical issues and minimizing downtime for staff
- Troubleshoot hardware and network connectivity issues, logging software bugs for the development team to address
- Designed promotional materials (pubmats) enhancing the visual reach of chapter announcements and events.
- Collaborated with cross-functional teams to ensure a seamless flow fo technical solutions to non-technical staff.
- Conducted QA testing to improve internal software stability, enhancing user experience and operational efficiency.

PROJECTS

School Management System lll (Capstone) ***2025 - 2026***

Full Stack Developer *sms3.jampzdev.com*

- Developed the application using Laravel Framework, PHP, Node.js, and RESTful APIs while structuring centralized database and user access controls.
- Implemented comprehensive testing to ensure application performance and stability while meeting project requirements.

Barangay Management System (Web App) ***2025 - 2026***

Full Stack Developer *brgybagbag.jampzdev.com*

- Engineered a full-stack web application using HTML, Tailwind CSS, PHP, and RESTful APIs to modernize local community operations and administrative record-keeping.
- Structured centralized databases with role-based user access controls and performed rigorous system testing to guarantee reliability and performance.

SEMINARS

- Quantum Computing: Breaking The Limits. Generative AI & its Application *November 2024*
- Beachside Code Camp: Diving Deep Into Tech Innovation *May 2024*
- BITZ 2023: Accelerating the Innovators Role in Digital Transformation *March 2024*

SKILLS

- **Technical Skills:** JavaScript (ES6+); TypeScript; HTML5; CSS3; PHP; SQL; Python; React.js; Node.js; Tailwind CSS; Bootstrap; Laravel; RESTful APIs; Git
